Soap cartridge contents cannot be contaminated because the dispenser is securely locked.

OPS® mounting system prevents our dispensers from being torn off the wall and makes them ligation resistant.

Convenience! - Uses the same keys as other OPS® dispensers.

Efficiency! - Dispenses 2500 activations per OPS® cartridge versus our competitors which dispense 600 activations per cartridge of the same size, and more fluid (and waste) per dispensing.

Less Time to Maintain! - An OPS® cartridge is changed up to 4 times less frequently!
